About

Entry-level Full Stack Developer with hands-on experience delivering end-to-end web applications and UI/UX design solutions. Skilled in modern frameworks and tools including JavaScript, TypeScript, React, Next.js, TailwindCSS, Node.js, and Figma. Strong background in client-facing freelance work, delivering 20+ projects with measurable improvements in usability and digital presence. Recognized for problem-solving, adaptability, and fast learning in dynamic environments.

Work Experience

Freelance Web Developer & UI/UX Designer – Fiverr (Remote)

2023 - Present

- Delivered 20+ client projects end-to-end, including landing pages, responsive websites, and application interfaces, resulting in measurable improvements in customer engagement and business visibility.
- Designed user-centered interfaces in Figma, translating client goals into intuitive flows and visuals that improved usability and conversion rates.
- Built and deployed responsive web applications using TypeScript, React, Next.js, and TailwindCSS, ensuring cross-device optimization and modern best practices.
- Partnered directly with clients to identify requirements, propose solutions, and deliver projects on-time and within budget, achieving 100% client satisfaction and repeat business.
